

MARSHFIELD.

Rev. T. B. Garney, a Methodist clergyman well known in this section, died suddenly at his home in East Bridgewater, Wednesday, Sept. 23, at an early hour. Mr. Garney had not been settled over any parish for several months, his advanced age and health obliging him to accept an appointment at the last annual conference. He purchased a farm in Bridgewater where he has since resided. On Sunday he preached by invitation at the Methodist services at Abington, and to all appearance was in his usual health. Monday he was around the house, but Tuesday he fell ill and remained bed. He gradually grew worse and expired after one day's illness. A neurological trouble is thought to have caused his death. He was 60 years of age, and leaves a widow and four children, one daughter and three sons, all of whom are grown up. Rev. Mr. Garney was born at South Paris, Me., and resided there until he entered the ministry. He commenced preaching when about 20 years of age, and has since held 40 years of active service. In the time he has been settled over churches in Georgia, Rhode Island, Connecticut, Maine. His last charges were at Barnstable, at Cohasset two years, and at Marshfield one year.

EAST MARSHFIELD.

Mrs. Frank Carter was quite ill last week. Capt. Magoun has been very sick, but is now improving. A Union peace meeting was held at the Orthodox church on Wednesday evening last.

Mr. Alvin Rogers and family left their summer home in East Marshfield for Quincy last Wednesday. We were involuntarily absent at the field meeting of the So. Shore Farmers' club at James Sampson's farm in Scituate. Such occasions are not only enjoyable but instructive to every man, woman and child engaged or interested in agricultural pursuits. Mr. Sampson has one of the best farms in Plymouth County and no one can visit a good farm, but can learn something of advantage to them. All such field meetings furnish the ambitious farmer some thought, which cannot help to bring him in sooner or later an increased harvest.

The shower on Thursday, the 25th laid the dust in our streets. We need a good rain to give a start to the laid down to grass this fall. Grass seed to get a good start should have been sown before this, and especially this year, as it was so wet. We want our seed sown by the last of August. If it cannot be sown before the first of October, better wait until November, when it is too late for it to come, and then it will come up in good shape next spring if it is on a comparatively level surface, a hillside would be apt to wash and is better sown in August. We have seen as good grass come up from seed sown just before the ground freezes in the fall, as at any time of the year. If sown in October, the grass starts, but not enough to cover well and consequently is likely to get winter killed. Sow your clover seed in the spring.

Economy of the Town of Marshfield.

At a meeting held March 10th, 1904, acting under the 50th article of the warrant it was voted that the Selectmen together with Messrs. L. W. Hall and Nelson should be a committee to ascertain the cost of a road over or in connection with the dike, and at a future meeting, one called for the purpose, they reported as follows: They have under the Statute, laid out a way over the dike and awarded this award to the several proprietors of land, and they believe the whole to be completed for the sum of \$477. And they further said if the dike is to be taken in the manner above laid out, it will cost \$1000 and a bridge can be thrown across that opening for \$10 per lineal foot or at a cost of \$8000, making in all a cost of \$8777, saving over and above the County bridge, \$1800. You will also remember at this meeting Mr. Charles J. Howland, who had acted as engineer, was present and gave to the meeting all the items on the cost of each and every thing that was there provided, all but the color of the paint for the fence. Now we will observe how nice was their calculation and how well founded was their judgment. In the town report of 1903 we find the following:

DUXBURY.

The Young People's Society of the Pilgrim Cong. church held a paper festival in the vestry last Friday afternoon and evening. There were a large number present, and a good time was enjoyed by all. Some very pretty paper articles were sold. A number of the young ladies dressed in very handsome paper costumes, among them were Mrs. Sarah Sweetser, Mrs. Edward Child, Misses Sarah Higgins, Minnie Bartow, Carrie Arnold, Belle Sheldon, Mabel Cushing, Mabel Fowle, Mary Havestock, Mary Sampson and Sally Joyce. We wish the society would have more of such entertainments.

On Saturday evening, District Police Officer Pratt of Abington arrested at South Weymouth Dr. Chas. P. French, formerly a practicing physician at Marshfield, for breaking and entering the stable of his father, Dr. John French of Hanover, and taking therefrom a horse, buggy and harness, valued at \$150, on Thursday night last. Dr. French is about 35 years of age. Graduating from Dartmouth College in 1875, he afterwards studied medicine, and settled in Duxbury, where he commenced his profession, but remained there only a short time. He then removed to Marshfield, where he soon built up a large practice. About two years ago he became addicted to the use of opium, and from that time he has been going the downward path. He began to neglect his business, sold his library and pawned his medical instruments, the money he obtained being devoted to the purchase of opium. While laboring under the influence of this narcotic, his wife purpose seemed to be to take every thing he could lay his hands upon. His friends made every effort to reform him from this habit, but without avail. Of late he has been wandering from place to place, obtaining meals and lodging as best he could. Monday morning he was arrested by the Abington district court. His father declined to press charges of breaking and entering against him. A complaint of vagrancy was, however, preferred and this he was sentenced to the state workhouse at Westboro for six months. The team was found in his possession when taken into custody.

WEST DUXBURY.

Mr. Cunningham is visiting at Carroll Foster's. Those persons wishing information regarding Advertisment inquire of him, or Mr. Swan, as to the doctrine. That squash has been returned. We are now anxious to learn who brought it back, as we were to know who took it from the garden. Mr. and Mrs. Geo. Fuller of Boston are at A. B. Alden's. It is now the pleasantest season of the year to be in this part of the country; the air is cool and invigorating, and the changing leaves give additional beauty to the scenery. Mr. Knell, brother of Neil Burgess, the well-known actor, is very ill at his residence in this village. It is feared that he will not soon recover, as he is very weak.

SOUTH DUXBURY.

"Bay Side" has lost several occupants. Mr. D. Gould has gone to visit his friends at Prince Edward Island. There is to be a dress-maker and milliner's shop here soon. Full particulars yet out.

St. John Chapel numbers many of our neighborhood among its congregations. They are well pleased with the new church. We are having delightful weather, and people seem determined to make the most of it. If it continues warm there is a chance to get some ripe grapes yet. Captain's Hill is a favorite resort these fine days. The air is very clear, and the outline of the Cape is plainly discerned. Brant Rock looks like a row of card houses in the distance.

WEST SCITUATE.

The Democrats of this town held a caucus Friday evening last, at Fogg's Hall. A. J. Litchfield was chosen chairman and J. H. Corbitt, secretary. The Town Committee chosen were J. H. Corbitt, A. J. Litchfield, W. H. Farrar, and the town committee appointed delegates to the various conventions.

Some time since I mentioned the rumor, that Messrs. Groce & Son of Park Hill were to resume manufacturing shoes at their old shop. We learn that they have begun active operations. We also learn that Mr. Groce has recently purchased the property formerly occupied by B. M. Young. That will give the firm additional shop room, whether that means a larger business or not I have not learned, but hope that it may so prove.

The members of the Prohibitory party in this vicinity have obtained a fine flag, bearing the names of their national candidates, which they propose to unfurl this Tuesday evening at North Hanover. The Rockland Cadet Band will furnish music for the occasion. Good speaking has been provided for. Appearances indicate that this will be the first public flag to be displayed in this section. The Democratic flag still remains undisplayed, and the Republican flag that has floated proudly from flagpoles on the Hill through the last two presidential campaigns, has not yet allowed the gentle western zephyrs to toy caressingly with its weather beaten folds. We presume that they will all soon float, if the managers can only get the chink to float them with. Nevertheless the first tally here for St. John.

The organization of the Fourth Mass. Regt. Veteran Association merits a longer notice than was accorded it in your last, for that Regiment with the exception of two companies of the nine months service, was from this section of the state extending into Plymouth, Norfolk and Bristol counties. Through the efforts of a committee of Co. A, of Canton, quite a large body of the veterans of that Regiment, representing all but one of the companies of the nine months service, and some of the three months, assembled at Stoughton on Sept. 17th, and organized an association, whose membership includes all honorable discharged soldiers, who were members of the 4th Regiment, during either its three or nine months service. Officers were elected as follows: President, Col. Packard of Quincy; vice presidents, Maj. G. S. Merrill of Lawrence, and Capt. C. H. Hall of Taunton; recording secretary, C. W. Howard, of Rockland; corresponding secretary, Franklin Jacobs, West Scituate; treasurer, Capt. H. C. Alden of Randolph; historian, Capt. John R. Rollins of Lawrence. Said officers constitute the executive committee of the association, to whom was left the time and place of meeting for the next year, of which we hope that every living member will receive due notice. Arrangements were made for company committees to look up every member of their company whether living or dead. The corresponding secretary would solicit correspondence from any member of the old 4th who is interested in making the next reunion one worthy of the number of living members. The Historian would be glad to receive any facts relating to the history of the Regiment. All who attended the meeting the 17th expressed themselves as delighted, and we hope for a like result next year.

SOUTH SHORE AND COUNTY.

Hanson's voters number 294 including 4 women. South Abington is to have a night watchman. It is said that thirty teams carry cranberry pickers to hope in Carver. A new bell weighing 4,300 pounds has been placed in the So. Abington Baptist church. Old Colony railroad stock has reached \$144 per share. It was never so high before. Ethan Moore is making repairs at his mill at North Hanson—putting in a new turbine wheel, &c. White perch, a very excellent fish, has been struck in, and quantities are being caught all along the South shore. A Guinea hen belonging to Caleb Barker of Hanson recently hatched out 23 Guinea chickens, out of a possible 24. At a benefit game of base ball at Middleboro the receipts amounted to \$165.00, giving each man in the team \$11.50. The 120th meeting of the Southern Convention of Episcopal clergymen of Diocese of Massachusetts was held in Plymouth this week. Lakeville is the summer town in registration of women, more than 30 having registered to vote for school committee, and all from one neighborhood. On Thursday of last week, William Rogers of Myricks bought seventeen sheep, and on the Saturday night following dogs killed thirteen of them. George F. Hammond, sexton of the Congregational church in Mattapoisett, gave each man in the team \$11.50.
